WHO WE ARE

BAKED WITH LOVE, SINCE DAY ONE

Be Pastry was born as a family project in 2016. We came to South Florida with a recipe book and a lot of enthusiasm, and built a bakery around it.

It started with Belén — the name on the door is hers. She trained and graduated as a pastry chef in Argentina, and had been baking for friends and special orders long before any of it was a business.

What began with one baker is now the whole family. Today we manufacture churros, muffins, coffee cakes and brownies for coffee shops, hotels, markets and restaurants across the region — **family owned and operated**, still baking with love.

CHURRO THIN 8" BOX OF 100	CIRCULAR CHURRO BOX OF 30	

Raw dough, portioned and frozen. Fry to order for a churro that is crisp outside and hollow in the middle — the way it is done in the shop. The Lazo is a narrow oval loop; the Circular is a full open ring.

HOW TO PREPARE

Fry from frozen — do not defrost. Abundant, very hot oil at 350–375°F for 3 to 4 minutes, fully submerged. Serve hot and sugar generously.

CHURROS

PRE-FRIED

CHURRO 4" BOX OF 200	CHURRO 8" BOX OF 80	CHURRO LAZO BOX OF 60
CHURRO THIN 8" BOX OF 100	CIRCULAR CHURRO BOX OF 30	

Fried once at our facility, then flash-frozen. Your kitchen finishes it in the air fryer — no dough handling, no shaping, no fryer needed. The Lazo is a narrow oval loop; the Circular is a full open ring.

HOW TO PREPARE

Do not re-fry. Pre-fried churros are finished in an air fryer only: 6 to 8 minutes at 375°F. Never in the microwave. Sugar immediately and serve hot.

BOX OF 120 2.5" CHURROS	BOX OF 200 BITES

HOW TO PREPARE

Fry from frozen — do not defrost. Abundant, very hot oil at 350–375°F (176–190°C) for 5 to 6 minutes, fully submerged. Twelve per basket. Once cooked, wait 2–3 minutes before serving — the filling holds heat longer than the dough. Finish with plenty of sugar and cinnamon.
